

Guaranty Trust Bank (UK) Limited

Personal Customer
Operating Your Account
&
(Tariffs and Charges)
Booklet

1. INTRODUCTION

This booklet details the Charges and some Operating Your Account information for the Bank's most commonly used services.

The charges in this booklet form part of the terms and conditions that apply to your account.

These Tariffs and Charges are effective from June 2018.

2. Minimum Balance Requirement (Applicable to "sole" &/or "joint" personal account holders only)

With effect from 2 July 2018 a Minimum Balance of **GBP 50,000** (or currency equivalent) must be maintained at all times.

This can be spread over a variety of accounts, including Current, Savings, Fixed Deposit, PAD and Mortgage Security Deposit (if applicable) and across accounts in any currency (GBP, USD, EUR).

If any balances are held in either USD or EUR, their GBP equivalent will be calculated at the end of a working day using the prevailing FX exchange rate of the day to determine your aggregate GBP account(s) balance.

If at the end of a working day your aggregate account balance(s) drops below GBP 50,000 we will advise you of this with an automated email alert.

Interest will be charged on the shortfall between GBP 50,000 and your aggregate account balance(s) at a rate (currently 15% per annum, which is subject to change).

Interest will be calculated on a daily basis until the shortfall is covered.

If the shortfall is not covered within 60 days, all accounts will be closed.

In such instance, we will contact you to make arrangements to either transfer the relevant funds to an account in your name with another financial institution we are happy to transact with or issue a GBP cheque in your name and forward it to your nominated address or for you to collect in person at our offices.

In such instances, no third party payments will be permitted.

For example: if your aggregate balance has a shortfall of GBP10,000 and you do not deposit adequate funds to cover this for one day, the interest payable by you will be £4.11 daily. This debit will be applied every working day until after sixty days when the account will be closed.

Any interest applicable will be debited to your GBP current account daily and this will only be applicable on working days.

Exceptions:

Exception to this requirement only applies to customers who maintain a mortgage account with GTBank UK.

3 UK Cheque Clearing Cycle (The T+2-4-6 Rule)

This Rule only applies to GBP currency cheques drawn on UK banks and deposited at UK banks. It **does not** apply to foreign currency cheques or to cheques drawn on a foreign bank.

T	MONDAY	You pay-in a cheque at the counters GT Bank (UK) Limited for processing on the same day, before any applicable cut-off times. Cheque appears as a credit on your account.
T + 2	WEDNESDAY	Any credit interest will apply from today or if you are overdrawn, your interest charges will start to reduce.
T + 4	FRIDAY	Cheque clears & you are allowed to withdraw the cheque proceeds. You do so at your own risk. Cheque may still be returned unpaid.
T + 6	TUESDAY	Although funds are available for withdrawal from Working Day 4, it is possible that the Bank on which a cheque is drawn may “bounce” the cheque. Consequently, you may not know the actual “Fate” of the cheque until the close of business on Working Day 6.

For further details, please refer to our Personal Banking Terms & Conditions Booklet
